DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Mendonsa on 5/2/05.

The application has been amended as follows:

Amend claim 33 as follows:

33. (currently amended) A(n) polymer memory comprising:

- a first non-transparent electrode;
- a polymer memory structure;
- a first protective layer between the first non-transparent electrode and the polymer memory structure;
- a second non-transparent electrode coupled to the polymer memory structure;
- a second protective layer between (the between) the second non-transparent electrode and the polymer memory structure; and
- a damascene structure comprising the first non-transparent electrode and the first protective layer, wherein the polymer memory structure comprises:
 - a first polymer layer coupled to the first protective layer;

a second polymer layer coupled to the first polymer layer; and
a third polymer layer coupled to the second polymer layer.

Allowable Subject Matter

Claims 33-35 and 38 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art of record fails to teach nor suggest a damascene structure comprising a third polymer layer coupled to the second polymer layer in combination with the other recited claimed limitations of claim 33. Consequently claim 33 is allowable over prior art. Claims 34-35 and 38 act only to further narrow the allowable subject matter of claim 33.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura M. Schillinger whose telephone number is (571) 272-1697. The examiner can normally be reached on M-T, R-F 7:00-5:00.
